GHOFRANE BENHASSEN

Cloud Computing & DevOps Engineering Student

Tunis, Tunisia | +216 56 107 783 | GhofraneBenhassen64@gmail.com | LinkedIn

PROFILE

Cloud Computing & DevOps Engineering student at ESPRIT with hands-on experience in Microsoft Azure, Terraform, Infrastructure as Code (IaC), Azure Landing Zones, and Cloud Architecture. Skilled in cloud networking, automation, Docker, Kubernetes, Ansible, CI/CD, Git, and GitLab. Seeking a 6-month Graduation Project internship starting January 2027 in Cloud Computing, DevOps, or Cloud Infrastructure.

EDUCATION

Engineering Degree – Cloud Computing & Architecture — **2024 – Present**
ESPRIT – Private Higher School of Engineering and Technology — Tunis, Tunisia

National Diploma – Business Intelligence & Computing (Honors) — **2021 – 2024**
Higher Institute of Management of Sousse — Sousse, Tunisia

Baccalaureate – Technical Sciences — **2020 – 2021**
Abou Kacem Chebbi — Tunisia

PROFESSIONAL EXPERIENCE

Jun 2026 – Aug 2026

EBLA Computer Consultancy | *Cloud Computing Intern* | *Kuwait City, Kuwait*

- Architected Azure Landing Zones using the Microsoft Cloud Adoption Framework (CAF), integrating Azure Front Door and Kubernetes.
- Automated Azure infrastructure provisioning with Terraform IaC and GitLab, ensuring consistent and repeatable environments.
- Built reusable Terraform modules for networking, security, and private connectivity, accelerating infrastructure deployment.
- Evaluated the Azure AI Landing Zone framework and documented its architecture and implementation for AI service adoption.

Jun 2025 – Aug 2025

Swisstex | *Remote Web Development Intern* | *Remote, Switzerland*

- Engineered a donation-bin management application using Symfony, PHP, Java, SQL Server, MongoDB, and GitLab, automating storage tracking and bin-status monitoring.

Dec 2023 – May 2024

Genext Factory | *Web Development Intern* | *Sousse, Tunisia*

- Built a Business Intelligence platform for financial analysis and visualization using React, Node.js, MongoDB, and Figma.

Jun 2023 – Jul 2023

ADN Expertise | *Web Development Intern* | *Sousse, Tunisia*

- Created a real estate web application with React.js and SQL Server and designed its mobile prototype in Figma.

PROJECTS

ARENACODE – Cloud, DevOps & Full-Stack Project

- Deployed OpenStack infrastructure with Ansible, Docker, and Kubernetes, with monitoring through Prometheus and Grafana.

My Report – Business Intelligence Web Application

- Built a financial analysis and visualization platform using React, Node.js, MongoDB, JavaScript, HTML, CSS, Tailwind CSS, and Figma.

Public Transport & Carpooling Application

- Created a trip planning and booking solution using JavaFX, Symfony, JavaScript, SQL, HTML, CSS, FlutterFlow, and Scene Builder.

TECHNICAL SKILLS

Cloud & DevOps: Microsoft Azure, Terraform, Infrastructure as Code (IaC), Azure Landing Zones, Microsoft CAF, OpenStack, Docker, Kubernetes, Ansible, CI/CD, Git, GitLab

Azure Infrastructure: VNets, Subnets, NSGs, Private Endpoints, Private DNS, VNet Peering, Application Gateway, WAF, Front Door, API Management, Container Apps, Key Vault

Development: Python, Java, PHP, JavaScript, React, Symfony, HTML, CSS | **Databases:** SQL, MySQL, SQL Server, MongoDB

Monitoring & Data: Prometheus, Grafana, Power BI, Pandas, NumPy | **Methods:** Agile/Scrum, UML

CERTIFICATIONS & LANGUAGES

Certification: Cisco Certified Network Associate (CCNA) | **Languages:** English (C1), French (B2), German (A2)

ACTIVITIES

Inceptum Junior Enterprise – International Affairs | **Enactus IHEC Sousse** – Logistics | **Tunisian Red Crescent** – Volunteer
